COMPILED RECORDS SHOWING SERVICE OF MILITARY UNITS IN VOLUNTEER UNION ORGANIZATIONS

Roll 68

THE NATIONAL ARCHIVES
NATIONAL ARCHIVES AND RECORDS SERVICE
GENERAL SERVICES ADMINISTRATION

Washington: 1964

INTRODUCTION

On the 225 rolls of this microfilm publication are reproduced the compiled records that give the military service histories of units in volunteer Union organizations. The compiled records are card abstracts containing information relating to the stations, movements, or activities of each unit or a part of it, and frequently to its organization or composition, strength and losses, and disbandment. Sometimes the names of commanding officers, the dates the unit was called into service and mustered out, the terms of service, and similar information are included.

The compilation of records of service by military units of volunteer Union organizations was undertaken simultaneously with the compilation of the service records of volunteer Union soldiers. The work was begun in 1890 under the direction of Capt. Fred C. Ainsworth, head of the Record and Pension Division of the War Department. The abstracts were made from original muster rolls and returns in the custody of the War Department and from rolls borrowed from the Second Auditor of the Treasury. The abstracts made from the original records were verified by a separate operation of comparison, and great care was taken to ensure that the abstracts were accurate.

Most of the compiled records reproduced on this microcopy are arranged alphabetically by State or Territory. The remainder are for units that were not limited to any one State or Territory; among them are the U.S. Colored Troops, U.S. Volunteers, and U.S. Veteran Reserve Corps. The records are further arranged by organizational breakdown under each unit.

Most of the compiled records for each organizational unit are in jacket-envelopes bearing the title "Record of Events" and giving the name of the unit. Many of the cards contain abstracts of the record-of-events information as found in original muster rolls and returns. Also included are some cards showing the exact captions of the muster-in and muster-out rolls that were copied and the certifications by the mustering officers verifying the accuracy of the rolls. The jacket-envelopes for a few units contain no documents but do contain references to other units with which these units were merged. In some instances the references concern transfers of documents.

Preceding the jacket-envelopes for the organizational units there sometimes are envelopes containing general notation cards giving information relating to the units. Some of the notations are statements of determinations made by the War Department concerning the service of the units; others contain information that was found in original records other than muster rolls and returns.

There are some card abstracts made from returns that are not in jacket-envelopes. These abstracts were accumulated by the War Department to be interfiled with the regular abstracts but were not interfiled, for one reason or another. The usual reason was that the abstracts made from returns were compiled later than those from muster rolls and in some cases the War Department failed to complete the filing of them. The National Archives has collected all the unjacketed abstracts that could be found for each unit and has filed them immediately after the jacket-envelope containing related abstracts for the unit. A card labeled "Additional Card Abstracts of Records" has been placed at the beginning of each set of unjacketed abstracts to distinguish them from the ones that are in jacket-envelopes.

The National Archives also has compiled service records of the volunteer Union soldiers who served in the units whose service histories are reproduced in this microcopy. They consist of a jacket-envelope for each soldier, labeled with his name, his rank, and the unit in which he served and typically containing (1) card abstracts of entries relating to the soldier as found not only in original muster rolls and returns but in other original records such as hospital rolls, descriptive books, and lists of deserters; and (2) the originals of any papers relating solely to the particular soldier. In a few instances there are compiled service records for volunteer Union soldiers who served in units for which there are neither record-of-events nor general notation cards; consequently, there is no record of such units in this microcopy. These units generally served only for short periods (about 1 to 3 months) or failed to achieve a complete organization. There are card indexes that may be used to locate the compiled service record of a volunteer Union soldier. Most of the indexes and some of the compiled service records of volunteer Union soldiers have been microfilmed.

The compiled records showing the service histories of units in volunteer Union organizations reproduced in this microcopy, the compiled service records of volunteer Union soldiers, and the indexes to the latter are part of Record Group 94, Records of The Adjutant General's Office.

Nov. 8 in pursuance to S.O. from Div. Hd. Qrs. Capt. Johnson & Lieut. Rose were detached from the Regt. with fifty picked men for special duty in Mobile Bay where they have since been. The Regt. with the above exception lay quietly in camps until the 16 furnishing quite large details for fatigue upon an abatis lately constructed across the neck of the Peninsula. On the morning of the 16 an order was rec'd. directing Col. Woodman Commanding the Brigade to have all the men mounted possible in his Command to report to Lieut Col. The detachment left Camp about noon same day & Mr Law. Commanded by Maj. Eben Hutchinson marched that afternoon about fifteen Miles to a point on the Geneva & Montgomery Railroad where the detachment bivouacked for the night. Three o'clock next Morning they were again on the march on the line of the Railroad just after sunrise the advance guard came upon the enemys picked which were all gobbled. The same happened at the next post also & the rear about two miles from the Bridge over Pine Barren Creek where a Company were stationed doing picket duty. Col. Spurling learning that a Rebel was to come out that morning awaited & gobbled them also. Then he advanced upon the Camp & completely surprised & the whole Command was captured together with their horses, arms, Quartermasters & Commy. stores. & their Camp furnished. The detachment returned to Camp, same evening arriving about midnight. The whole distance marched was about seventy miles. Next day same command started out in same direction to meet the enemy if any had followed on our retreat. Having marched four or five miles without seeing any sign of them returned to Camp where the Regt has since lain quietly. Much Credit is due Lieut Col. Spurling on whose efforts the success of the expedition in a great measure depended. He has proved himself an officer shrewd in planning & active in execution

Regt. formed part of a force which started out from Barrancas on a reconnoitering expedition Dec 13. Left camp about noon & marched that day nearly to Pine Barren Creek a distance of forty miles. Halted for the night. Next day crossed the creek & repaired the bridge for the train. Started next morning at dawn and Pollard, Ala., came upon the enemy's pickets five miles from the Big Escambia; charged them driving them in & had a little brush with the rear guard at the bridge. Fought them against the Little Escambia. Next day took Pollard, without fighting. Destroyed the town and started on our return. The 17 had a running fight with the enemy all day between the Big Escambia & Pine Barren Creek having five miles & had three guns taken. Arrived in camp the 19th in the evening marched in all about one hundred & fifty miles

RECORD OF EVENTS.

Since the last muster the company has taken part in two very successful expeditions under the command of Lieut Col. Spurling of our Reg't. The 1st was on Nov 17 to Pine Barren Bridge in which we captured 38 prisoners, 50 horses & mules returning to camp Nov. 18 having marched a distance of about 70 miles. Our 2d expedition was to Pollard Ala, a town of considerable importance at this time which was executed in six days marching in that time about 150 miles. The

The company took part in the engagement
at the Big + little Escambia Rivers
Pine Barren Creek and at other
places at which the enemy made a
stand. Our destruction of impor-
tant Rail Road bridges + property
belonging to the Rebel Government
was very considerable. We were
so fortunate as to lose no man
but had quite a number
of horses killed + wounded.
The plan + execution of
these two expeditions by
Lieut Col. Spurling speak
very highly of him.

RECORD OF EVENTS.

On the eleventh of January last this Battery moved from the camp near Thibodaux, La., and was a part of that division command in the expedition from Brashear City via the Bayou Teche, the object of the expedition, which was the destruction of the Confederate gunBoat "Cotton", was completely fruitless. The Battery was absent from Camp near Thibodaux until the eighteenth day of January. On the 22d inst., we moved from Thibodaux, La., to our present camp near Brashear City.

The 1st Maine Volunteers was
considered by State authorities
as a two years organization. it was
however mustered out August 5 1861,
at the expiration of two months.

After muster out many of the
members of this regiment enlisted
in the 1st Maine Vol. Cav. for two
years and were accepted by the
War Department with the understanding
that their service was in that
organization. Record exists in
two years from May 7 1861. The
date on which the 1st Maine Vol-
